Description (revised)

You are reading a very sensitive and imperative issue about Fertility.

If you are interested about starting a family please proceed with the description:

We currently have Five embryos in the clinic and they are the best and excellent Grade embryos. We started with Eleven fertilized eggs last March 2003 and we have successfully Eight frozen. From these Eight, we had IVF and implanted Two embryos and both successfully attached. We have decided to keep one embryo for future use. We had our twin boys this past October 2003 and both are very healthy.

We are a non smoking couple and only social drinkers. Our health records can be requested through our clinic if you are seriously interested in purchasing our embryos. We have a total of Three boys, the oldest is 2 1/2 and all were conceived through IVF.

We are a Christian family and we thought the only way to reach people in masses with the desire for children is through the net. We have used ebay to purchase many many things and we thought why can't we use this medium to let the world know about our embryos.

This auction do not determine that you will win the embryo at the end of the auction time. This actually qualifies every bidders for further consideration of adopting our embryos. Of course permitting that you have the resources and tools for conception and if you meet the criteria. There will be an extensive interview and qualification process. We are a multi-racial family with Filipino-Hispanic and Scottish-German-Irish background.

YOU MUST STILL HAVE YOUR UTERUS IN ORDER TO CARRY OR HAVE A SUCCESSFUL PREGNANCY. Even embryos that are not your own, you will have a sense of ownership when actually carrying the embryos in your womb. THEY ARE YOUR OWN! THEY ARE GROWING INSIDE YOU. THEY ARE YOUR CHILDREN.
