

# Porn movie secretly filmed at airport

February 25, 2004 (Hong Kong) — Red-faced airport security officials in Hong Kong are trying to explain a security breach.

No, it wasn't a hijacking attempt -- but a porn movie. The hour-long film "Exposure Trip in Hong Kong" features shots in and around the airport. The daily tabloid the Sun reports there's 20 minutes of hardcore action in the video.

There's one scene where a porn star bares all in the departure lounge. Airport Authority spokeswoman

Sylvia Chan says if they had known about the filming, authorities would have stopped it. She says the adult video-makers haven't been identified. But she adds if they are, the airports' lawyers may get involved.
